

Abstract

Our renovated chalet in a chic **Alpine style** is located on the German Wine Route in the small wine village of Pleisweiler-Oberhofen.

You can go on long, beautiful **hikes** in the Palatinate Forest or through the vineyards along the edge of Haardt Mountains directly from the chalet. The neighboring Alsace, especially Wissembourg, are recommended for a trip.

Even the **mountain bikers** among you will get their money's worth, with many beautiful trails ... in the forest and along the vineyards.

After an active day, you can relax in your own **steam bath** or enjoy a good glass of wine on the lounge **terrace** before going to one of the many wine bars in the evening.
